

“A Night Out on the Town”

Thursday, May 11th, 2017

7 – 8:30 p.m. @ the JJ Loewen Centre

Come out for a night with NO agenda! That’s right, no head table, it’s not a meeting! Snacks and refreshments provided.

What is it that we aim to accomplish?

We want to engage our community by ‘opening up our home’.

Come and sit at our table and talk with us, we’re here to listen.

There will be a short 15 minute presentation on:

1. Loraas Disposal: Organics program
2. South-end development: Park/Retention Pond, Industrial Sub-division

We want to meet with you, to listen and to gather together as a community. After 185 days as your elected representatives, we want to hear what you have to say.

We may not have all the answers at this “Night Out”, but we have the resources to find the answers and will report back to you with our findings!

Escape Sports, who have been in charge of developing multiple disc golf courses throughout Saskatoon, Wasquesui, Lake Diefenbaker and Martensville, will be in attendance.

Recreation Manager Mat Halcro will also be there taking shirt pre-orders in celebration of the Town’s 100th Anniversary celebration in conjunction with Dalmeny Days, which will be held this June 2, 3 and 4.
