

TOWN OF DALMENY

Auditor's Report

Financial Statements

December 31, 2008

AUDITOR'S REPORT

To the Council of
Town of Dalmeny

We have audited the statement of financial position of **Town of Dalmeny** as at **December 31, 2008** and the statements of financial activities, changes in surplus, and changes in financial position for the year then ended. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Town as at December 31, 2008 and the results of its operations and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles for local governments.

TOWN OF DALMENY
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared by management in accordance with the local government accounting standards established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies are as follows:

(a) Reporting Entity

The financial statements consolidate the assets, liabilities and flow of resources of the Town. The entity is comprised of all organizations owned or controlled by the Town. These organizations are accountable to the Council for the administration of their resources and are included in these financial statements. They include the following:

Dalmeny & District Community Center Corp.

All inter-organizational balances have been eliminated in these financial statements.

(b) Revenue Recognition

Revenues are accounted for in the period in which the transactions or events occurred that give rise to the revenues.

Government transfers are recognized as revenues in the period that the event giving rise to the transfer occurred, providing the transfers are authorized, any eligibility criteria have been met by the Town and reasonable estimates for the amounts can be made. Revenue received in advance of the related expenditures is deferred to the period when the expenditures are incurred.

(c) Expenditure Recognition

Expenditures are recognized in the period the goods and services are acquired and a liability is incurred. They also include grants and contributions made where no direct goods or services were acquired. Expenditures include amounts for interest on debt outstanding but do not include any amounts for principal repayment.

Changes related to non-financial assets are recorded as an adjustment to the Change in Net-Financial Assets to arrive at Change in Net Assets.

(d) Local Improvement Charges

Local improvement projects financed by frontage taxes recognize the prepayment charge as revenue in the period in which the related expenditures occurred. A long term receivable is recorded for the principal portion of unpaid frontages which are to be financed through frontage levies.

(e) Net-Financial Assets

Net-Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

TOWN OF DALMENY

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) Appropriated Net Assets

Reserves are established at the discretion of Council to set aside funds for future operating and capital expenditures. Transfer to and/or from reserves are reflected on the statement of changes in surplus.

(g) Inventories

Inventories of materials and supplies are valued at the lower of cost or replacement cost.

(h) Capital Assets

Capital assets are reported as expenditures in the period they are acquired. They are not recorded as assets in the financial statements but are included in Schedule 5 to the financial statements at their historical cost, except as described below. Contributions for the acquisition of capital assets are reported as revenue, rather than reducing the capital expenditure.

At January 1, 2002, capital assets were recorded at estimated replacement cost. Subsequent to January 1, 2002, all capital assets are included in the note to the financial statements at historical cost.

(i) Amounts to be Recovered from Future Revenues

This represents the amount of long-term liabilities that will be funded from future revenues.

(j) Measurement Uncertainty

The preparation of the financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the year. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

TOWN OF DALMENY

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2008

8. MORTGAGE PAYABLE

	2008	2007
Langham Credit Union mortgage, repayable in annual payments of \$25,914 including interest at 6.10%; secured by proceeds of facility operation and the Dalmeny & District Community Center building.	\$ <u> -</u>	<u> 495,942</u>

9. CHANGE IN ACCOUNTING POLICIES

Effective January 1, 2009 the municipality will adopt the Public Sector Accounting Board's Section 3150 on tangible capital assets.

The Public Sector Accounting Board requires all levels of government in Canada to amortize their tangible capital assets over their useful lives and record the asset value less accumulated amortization on their Statement of Financial Position.

The annual amortization expenditure is recorded on the Statement of Financial Activities.

As of December 31, 2008 the municipality has begun preparing the necessary data to account for their tangible capital assets on their 2009 financial statements.

10. LEASE COMMITMENTS

The company has operating lease commitments for office equipment. Minimum annual rentals are as follows:

2009	\$	4,052
2010		4,052
2011		940

11. COMPARATIVE FIGURES

The prior year's comparative figures have been restated to conform to the current year's method of presentation. Change in surplus was not affected.

12. FINANCIAL INSTRUMENTS

The Municipality's financial instruments comprise cash, taxes receivable, other accounts receivable, local improvement charges receivable, long-term investments, accounts payable, accrued liabilities payable, long-term debt and mortgage payable. The carrying amounts of cash, taxes receivable, other accounts receivable, accounts payable and accrued liabilities payable approximate their fair value due to their short term nature. The carrying amounts of local improvement charges receivable, long-term debt and mortgage payable approximate their fair values because the interest rate approximates current market rates.

Long-term investments

Long-term investments are classified as available-for-sale because the Municipality intends to own the shares for more than one year. Available-for-sale investments are recorded at cost when there is no active market for the investment. Unrealized holding gains and losses related to available-for-sale investments are excluded from net income and are included in other comprehensive income until such gains or losses are realized or other than temporary impairment is determined to have occurred.
