

TOWN OF DALMENY

Auditor's Report

Financial Statements

December 31, 2012

MANAGEMENT'S RESPONSIBILITY

To the Ratepayers of
Town of Dalmeny :

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian generally accepted accounting principles and ensuring that all information in the annual report is consistent with the statements. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

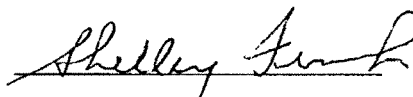

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Council is composed of elected officials who are not employees of the Town. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities. The Council fulfils these responsibilities by reviewing the financial information prepared by the administration and discussing relevant matters with external auditors.

Jensen Stromberg Chartered Accountants, an independent firm of Chartered Accountants, is appointed by the councilors to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and administration to discuss their audit findings.

INDEPENDENT AUDITOR'S REPORT

To the **Mayor** and Council of **Town of Dalmeny**

Report on the Financial Statements

We have audited the accompanying financial statements of **Town of Dalmeny**, which comprise the statement of financial position as at **December 31, 2012** and the statements of financial activities, changes in net financial assets, and changes in financial position for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

The audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of **Town of Dalmeny** as at **December 31, 2012**, and the results of its financial activities, change in its net financial assets, and change in its financial position for the year then ended in accordance with Canadian public sector accounting standards.

TOWN OF DALMENY

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2012

1. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the municipality are prepared by management in accordance with the local government accounting standards established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies are as follows:

(a) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

(b) Reporting Entity

The financial statements consolidate the assets, liabilities and flow of resources of the Town. The entity is comprised of all organizations owned or controlled by the Town and are, therefore, accountable to the Council for the administration of their financial affairs and resources.

(c) Collection of funds for other authorities

Collection of funds by the municipality for the school board and conservation and development authorities are collected and remitted in accordance with the relevant legislation. The amounts collected are disclosed in Note 3

(d) Government Transfers

Government transfers are recognized as either expenditures or revenues in the period that the events giving rise to the transfer occurred, as long as:

- a) the transfer is authorized
- b) eligibility criteria have been met by the recipient; and,
- c) a reasonable estimate of the amount can be made.

Unearned government transfer amounts received but not earned will be recorded as deferred revenue. Earned government transfer amounts not received will be recorded as an amount receivable.

(e) Deferred Revenue - Fees and Charges

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

(f) Local Improvement Charges

Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.

TOWN OF DALMENY
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2012

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Net-Financial Assets

Net-Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

(h) Non-Financial Assets

Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

(i) Appropriated Reserves

Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.

(j) Investments

Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment.

Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment.

(k) Inventories

Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price of the inventory in the ordinary course of business.

TOWN OF DALMENY
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2012

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(l) Tangible Capital Assets

All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of the contribution. The tangible capital assets that are recognized at a nominal value are disclosed on schedule 6. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The Town's tangible capital asset useful lives are estimated as follows:

<i>General Assets</i>	<u>Asset</u>	<u>Useful Life</u>
	Land	Indefinite
	Buildings	10 to 50 years
	Vehicles and equipment	
	Vehicles	5 to 10 years
	Machinery & Equipment	5 to 10 years
<i>Infrastructure Assets</i>		
	Infrastructure assets	30 to 75 Years

Government contributions: Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

Works of art: Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

Capitalization of interest: The Town does not capitalize interest incurred while a tangible capital asset is under construction.

Leases: All leases are recorded on the financial statements as either a capital or operating lease. Any lease that transfers the majority of benefits and risk associated with the leased asset is classified as a capital lease. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a straight line basis, over their estimated useful lives (lease term). Any other lease not meeting the before mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

(m) Trust Funds

Funds held in trust for others are neither included in the Town's assets or equity. They are disclosed in Note .

TOWN OF DALMENY
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2012

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(n) Measurement Uncertainty

The preparation of the financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality.

The 'Opening asset costs' of tangible capital assets have been estimated where actual costs were not available. Amortization is based on the estimated useful lives of tangible capital assets.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the period in which they become known.

(o) Basis of Segmentation/Segment Report

The Town has adopted the new Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Town services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowing.

These segments (functions) are as follows:

General Government: The general government segment provides for the administration of the Town.

Protective Services: Protective services is comprised of expenses for Police and Fire protection.

Transportation Services: The transportation services segment is responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the Town.

Planning and Development: The planning and development segment provides for neighbourhood development and sustainability.

Recreation and Culture: The recreation and culture segment provides for community services through the provision of recreation and leisure services.

Utility Services: The Utility services segment provides for the delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.
