Here is a description on the business I propose to carry out at 128 3rd. Dalmeny.

We have purchased a company that acts as an authorized service center for Minn Kota trolling motors, Eskimo ice fishing gear, Ion ice fishing equipment. As well as an authorized service center for these brands we will also be providing Canadian parts distribution. Any of the service work on these brands will be completed indoors with basic hand tools as they are driven by electric motors. Any noise produced would be equivalent of a house hold electric fan. No parts for the business would be stored outside other than a shop truck and utility trailer that would be used to operate the business and they would be parked at the rear of the buildings property.
