Province Introduces The Saskatchewan First Act

Released on November 1, 2022

Today the government introduced *The Saskatchewan First Act* to confirm Saskatchewan's autonomy and exclusive jurisdiction over its natural resources.

"This historic legislation will help protect our economic growth and prosperity from intrusive federal policies that encroach upon our legislative sovereignty," Justice Minister and Attorney General Bronwyn Eyre said. "It is time to draw the line and assert our constitutional rights."

The Act amends the Constitution of Saskatchewan to clearly confirm Saskatchewan's sovereign autonomy and asserts Saskatchewan's exclusive legislative jurisdiction under the Constitution of Canada over a number of areas, including:

- the exploration for non-renewable natural resources;
- the development, conservation and management of non-renewable natural and forestry resources; and,
- the operation of sites and facilities for the generation and production of electrical energy.

"A strong Saskatchewan means a strong Canada," Eyre said. "This legislation asserts that the constitutional doctrine of interjurisdictional immunity applies to exclusive provincial legislative jurisdiction the same way it applies to exclusive federal jurisdiction."

This Act will also create an Economic Impact Assessment Tribunal that will define, quantify, and report on the economic repercussions of federal initiatives on provincial investment and Saskatchewan projects, businesses and people.

4. 2023 SUMA Convention:

5. Public Notice:

As part of the Green and Inclusive Community Builds Program, a Public Meeting was held at the Arena on Tuesday, February 21, 2023 from 4:00 p.m. to 7:00 p.m. to receive any concerns regarding the Town's Proposed Arena Solar Project, including the upgrades to the furnaces and lights.

Also, a digital survey was placed on the Town's social media accounts for those interested. To date, 105 surveys have been completed. The deadline for the completion of the survey is 9:00 a.m. on Monday, February 27, 2023.

6. Utility Invoices:

Utility Invoices will be prepared and either emailed or mailed to all affected property owners. This is the first billing for 2023 and will show the minimum Utility Invoice increasing from \$266.00 to \$274.00, as follows:

- ◆ Minimum water charge will increase from \$26.00 to \$27.00 per month;
- ◆ Water Infrastructure charge will increase from \$24.00 to \$25.00 per month; and the
- ◆ Waste, Recycling and Compost charges will increase from \$21.00 to \$23.00 per month

7. Regional Water Service Concern – Rebecca Baerg:

I am writing today with concerns over the new water station. We use a grain truck with a water tank in the back and it does not fit under the spout. We need a hauling tank that is higher than our drain access into the house so that it empties in. A low flat deck would not work for our set up. We have observed that all surrounding towns have a swivel on the hose so that it can move to the height of the vehicle. I am curious why ours would have not had a swivel installed to make it accessible for all tank styles.

8. Saskatoon North Community Association:

On Thursday, February 16, 2023 Councillor Eric Desnoyers and Chief Administrative Officer Jim Weninger attended the Saskatoon North Community Association meeting in Osler, SK at 7:00 p.m.
